Issue 4 – Term 3 – Week 4

Friday, 12 September 2014

Dear Parents

On Wednesday we travelled to Neville to join in the Kids Teaching Kids Day. On the day Neville, Blayney Public Stages 1 & 2 and Bedgerabong School all conducted workshops. The topics covered were native bees, the water cycle, water conservation and potato growing. There were also workshops on soil testing, basket weaving and keeping our waterways clean. Local Land Services also planted trees with the students. The children were all given t-shirts and received certificates. The school was also given trees to plant in the playground.

Next Tuesday we are taking part in Book Week celebrations at Trunkey. I am looking forward to seeing all the different costumes. Each stage will work on 3 shortlisted books during the day.

Charlie and Teoni will spend next week at Blayney completing their projects for the Tournament of the Minds. They will then present the projects at a special day at Charles Sturt University. We wish them all the best.

Chris Smith & Staff

Term 4, 2014

Coming Events
